

Post-diagnosis

We can provide support and guidance to help you work out the next steps following your diagnosis. We will help you to better understand your dementia, its presentations, the likely challenges and available services and enable you to feel more in control.

Six visits from your Specialist Care manager
- Registered Health Professional (RHP) with dementia expertise

One off Cost:
\$684 incl GST

Alive Inside Programme

Flourishing with dementia. Retain monthly support and oversight from your Specialist Care Manager, while focusing on meaningful activities that give purpose to your day with your Living Well Support. All activities are in line with your overall goals and aspirations.

1 x month with your Specialist Care Manager (RHP)
1 x week with your Living Well Support

Monthly Subscription
\$850 incl GST

Wrap-Around Programme

This is our comprehensive programme surrounding you with gold standard support for those who need a mixture of more frequent Specialist Care Manager oversight and activities tailored to your needs during the dementia journey.

1 x week with your Specialist Care Manager (RHP)
1 x week with your Living Well Support

Monthly Subscription:
\$1,196 incl GST

Assessment

These are our own unique assessments done in your own time with much of the medical understanding being conducted in the background with your GP/specialist. The aim is for us to better understand you, your life story, goals, concerns and needs. It helps us create a partnership from which evolves a support plan that belongs to you.

Up to three visits from your Specialist Care Manager (RHP)

One off Cost:
\$299 incl GST

Add-ons

Additional hours: While the above programmes support the majority of needs, there may be a need for increased flexibility at various times.

One off Cost:
SCM: \$120 / Hr inc GST
LWS: \$60 / Hr inc GST

Cuppa Tea

Our infamous cuppa tea is a chance for you to get to know us, to ask questions and to see if the service is right for you. This can be done at your home, at a cafe or virtually if, as often is the case, families wish to be part of the discussion.

There is no pressure. The question we will always ask ourselves at the meeting is whether we genuinely believe we can improve your life with dementia.
